

Alin Zohari

London, UK | zohari.alin@gmail.com | <https://github.com/AlinZohari>

PROFESSIONAL SUMMARY

Geospatial Science (GIS and Computing) graduate with experience in geospatial data processing, casework support, and technical teaching. Skilled in UAV photogrammetry, lidar workflows, and practical GIS delivery across analysis and operations-focused projects.

WORK EXPERIENCE

Historic England - Business Officer (May 2024 to Present), London, UK

Assess planning and consent applications against statutory criteria, track case deadlines, and support recommendations in weekly sift meetings.

Manage grant application processes and collaborate with cross-functional teams to improve service quality.

BetaGen Academy (formerly Cypher Coders) - Curriculum and Club Teacher (Part-time), London, UK

Deliver coding and robotics sessions in after-school clubs and camps for Reception to Year 6 pupils.

Malvus Sense Sdn. Bhd. - GIS Analyst and Technician (Oct 2020 to May 2022), Malaysia

Processed UAV photogrammetry and lidar point clouds in Pix4D to produce orthomosaics and DEM/DSM outputs for slope monitoring projects.

Cleaned and standardised large geospatial datasets and contributed to software manuals and training activities.

HZF Resources Sdn. Bhd. - Administrator Assistant (Nov 2022 to May 2023), Malaysia

Maintained records using Excel/EPOS, supported stock monitoring, and assisted with company event planning.

EDUCATION

University College London - MSc Geospatial Science (GIS and Computing), Merit (2022 to 2023)

Dissertation: Leveraging language models for information extraction of entities in orbital environment evolution.

University of Brighton - BSc (Hons) Earth and Ocean Science, Upper Second (2:1) (2017 to 2020)

Dissertation: Sediment regime changes in River Kelantan using GIS and remote sensing.

SKILLS

Geospatial and statistical analysis; remote sensing; photogrammetry (SfM); lidar data processing; data management; data visualisation; NLP; web development; technical documentation.

Python; R; R Markdown; JavaScript; HTML; CSS; Node.js; NumPy; scikit-learn; PyTorch; Keras; PostgreSQL; PostGIS; GDAL; GeoPandas; FME; Pix4D; QGIS; CesiumJS.

LANGUAGES

English; Malay
